New York Botanical Gardens

Founded in 1891, the New York Botanical Garden boasts one of the world's greatest collections of plants. Fifty gardens, 50-acres of native forest, and a Victorian-style glasshouse can all be explored when you visit the 250-acre Botanical Garden.

You can bring a lunch to enjoy in the picnic area or buy sandwiches, salads and more from the Garden Café or Visitor Center.

Don't miss the Shop in the Garden—if someone you know has a green thumb, it's a great stop...and if you just like beautiful gifts, this is the place.

The Cloister's

The Cloister's is the medieval outpost of the metropolitan Museum of Art. Overlooking the Hudson River, it is a deeply relaxing and beautiful place. Dedicated to the art and architecture of medieval Europe, it was assembled from architectural elements that date from the 12th-15th century. We have a special one-hour guided tour scheduled with a Museum lecturer. "The Highlights Tour: An Introduction to the Met's Collection" is a wonderful way to enhance your Museum Experience.

Visit Arthur Avenue

Come Taste a Little Bit of Italy in the Bronx!

Generations of Italian families have given this area a special small-town character unique for an urban setting. Stop by the Arthur Avenue Retail market—a covered Italian bazaar that brings together all the shopping also found in nearby streets, from sausage makers to break bakers, café's to florists. It is a magnificent dining experience—where else can you find fine Italian cuisine within a short walk through the neighborhood. And the best thing about Arthur Avenue is that you don't have to be Italian to enjoy it!
